May Board of Directors Meeting

**Monday
May 11, 2015
10:00AM at Beacon Woods Civic
Center**

Once again, a reminder, please be considerate of your neighbors, Break down boxes that you are placing in the dumpster.

Please take some time and read the:

“Village Woods Condominium Association Rules and Regulations”

These were made available to you when you purchased your unit, and likely a copy was given to the owner/s during the Welcome Committees’ visit. Should you still not have a copy, go to the www.villagewoods.weebly.com web site there is a copy of them there.

By understanding the contents of these R&R’s and abiding by them, a large share of violation letters would be avoided, not to mention any resentments toward the Association, Management & Associates and us, your Board of Directors.

Our goal as Directors is to keep our Village Woods Community a pleasant, attractive, and as safe as is possible place to live. We try to do this through the interpretation of the R&R’s, the Declaration of Condominiums, By-laws and amendments to these by-laws and with the residents co-operation.

Landscape Committee members MaryAnn Marciniak, Bonnie Beebe and Corinna Townes did an excellent job of adding brick edging to planted areas and spreading mulch throughout the neighborhood. They provide ongoing care for the triangles at Dearborn and Darwood by weeding and caring for the plants on a regular basis.

A special thank you is extended to volunteer helpers Liz Smith and Gasper Aronica, Ray Gogin, Roger Beh and Jim Beebe. The Committee appreciates all the assistance extended to them by these volunteers. Thank you Barbara Murray and Mary Schigotzki for donating plant clippings and bulbs. If anyone wishes to donate a few minutes of their time by digging in the sand, the Committee would be grateful having assistance removing weeds from time to time at either of the triangles.
